Buying in George: the costs on top of the price

The purchase price is only part of what you will pay. Use this list to plan your budget with your bank and your conveyancing attorney before you make an offer.

ONCE-OFF COSTS

- [ ] **Deposit.** Many buyers need some deposit, depending on the bank's approval. If not: speak to a bond originator early so you know your number.
- [ ] **Transfer costs.** The conveyancing attorney's fees, plus transfer duty if the price is above the exemption threshold. If not: ask the attorney for a written cost estimate.
- [ ] **Bond registration costs.** A separate attorney bill if you are taking a home loan. If not: ask for this estimate at the same time.
- [ ] **Bank initiation fee.** Most banks charge this when the home loan is approved. If not: check whether it can be added to the loan.
- [ ] **Moving costs and small fixes.** Movers, connecting utilities, and the small jobs every new home needs.

MONTHLY COSTS

- [ ] **Bond repayment.** Based on your loan amount, interest rate and term. If not: ask your bank for the exact repayment.
- [ ] **Rates and taxes.** Charged by George Municipality. If not: ask the seller for the latest rates account.
- [ ] **Levies.** Only if the property is in an estate or sectional title scheme. If not: ask for the levy statement and any special levies.
- [ ] **Insurance.** Building insurance (often required by the bank) and household contents cover. If not: get quotes before transfer.

Want a cost breakdown for a specific home? Send me the listing and I will help you work through it with a conveyancer. WhatsApp or call Ryan on 083 281 7918.

This guide is general information only. Your attorney and bank will give you the exact amounts for your purchase.
